

## A Guide to Education at Copperleaf

*At Copperleaf, learning opportunities  
exist in many different forms, reflecting  
a well-rooted, communitywide  
commitment to lifelong learning.*

**COPPERLEAF**

*We invite you to explore*

some of the unique ways this exceptional community inspires children and adults to learn, grow and thrive every day, from the exceptional quality of our Cherry Creek Schools to our vast natural resources and enriching community programs. As you'll discover, it all adds up to one more reason why Copperleaf is a smart choice for you and your family—and an ideal place to put down roots. Here's a look at the different ways Copperleaf makes learning a natural priority.

## Learn

---

### Exceptional schools create a strong foundation

Copperleaf's commitment to lifelong learning starts in the classroom of these exceptional schools in our community. Copperleaf provides access to the high-achieving **Cherry Creek Schools**—many within walking distance from our neighborhoods. One of the most highly regarded school systems in the country, Cherry Creek Schools is recognized nationally for its dedication to excellence and academic achievement. Its mission "to inspire every student to think, to learn, to achieve and to care" is demonstrated through each school's commitment to academic excellence and individual growth. *Copperleaf is also proud to welcome a brand-new elementary school—Mountain Vista Elementary School—right in the heart of our community.* Children of Copperleaf residents might attend any of the following nearby schools. Please check the Cherry Creek Schools website ([www.cherrycreekschools.org](http://www.cherrycreekschools.org)) to determine the official boundaries.

#### Elementary Schools

- Mountain Vista Elementary School  
22200 E. Radcliff Pkwy., Centennial, 720.886.2700

- Challenge School – Cherry Creek Schools  
9659 E. Mississippi, Denver, 720.747.2100

## *Grow*

---

### **Nurture life with everyday learning opportunities**

Beyond the classroom, residents of Copperleaf also enjoy a wide range of natural resources that promote education, discovery and exploration.

### **Copperleaf Wetlands Area**

Designed to protect and preserve the natural ecology and habitat of the wetland environment that has existed in this area for generations, the wetlands area will provide a unique oasis for residents and wildlife. This unique wetlands area will be a picturesque landmark for all to enjoy. It also will provide a unique benefit to Copperleaf's nearby elementary schools, creating a natural outdoor "classroom" to explore and learn from year-round.

### **Open Space, Parks and Trails**

At Copperleaf, the environment is a natural extension of your home. So you'll need only step outside your door to take advantage of countless learning opportunities and adventures every day. When complete, Copperleaf will be home to more than 100 acres of open space, thousands of trees and miles of planned trails throughout the community, including many distinctly named themed neighborhood parks such as the Western Park, the Prehistoric Park, and the Bark Park for off-leash adventures with your favorite four-legged friends.

## *Thrive*

---

**Thoughtful programs and amenities enrich our community**

In addition to our vast natural resources, Copperleaf's commitment to lifelong learning is also reflected in the wide range of community programs and amenities that are available to residents of all ages.

### **Copperleaf's Community Art Program**

Our proposed Community Art Program will use a variety of visual arts throughout our parks and recreation areas to engage and educate onlookers. Whether it's a park bench or interactive sculpture, each artistic creation will reveal new learning opportunities for all.

### **Informative Signage**

Ever wonder what kind of tree or flower that is? Copperleaf will include informative signage at key locations throughout the community to help educate people about the surrounding natural habitat.
